Dear Friends and Family,

The past few months have flown by! We have had over 150 people come through Ruuska Village and it has been such a blessing! Here are a few things we have been able to get done with all of their hard work: a ton of construction work – wiring of electricity to new buildings, framing and pouring concrete for three new roofs, laying block to continue with the new buildings, creating a sifting contraption that will save on days worth of labor costs, stuccoing a new building that will house the new food and tool depots, actually moved into the new food depot, painted new signs on some of the buildings, and so much more!

With the organized and cleaned food and clothing depots, we are able to easily assist the massive homeless population by having food distributions, medical clinics, and giving out bags of items to be sold on the street so that families can support themselves.

We were also able to take teams to do some outreach in other local communities. We've been making regular trips to the tent cities. We were able to have times of worship and children's outreach to about 200 of the kids living there. We also passed out food and soccer balls.

We helped to host two medical clinics in a local hospital/tent village. We were able to see about eighty families - treating, passing out meds, baby supplies, shoes and food. What an incredible opportunity!

In addition to the hard labor and local outreach efforts, there has been lots of daily opportunity to play and love on the kids and women in the village. As soon as our buildings began to be rebuilt, we saw an influx of new orphans. The needs are still great. Every day we have the opportunity to see God at work!

There is a lot to be thankful to praise God for! There have been no major health or safety issues. God has truly supplied all of our needs. He is so faithful! The work here in Haiti is in full swing and we thank you so much for your continued prayers! Feel free to come join us and help out!

Love and blessings,

Barbara Walker and the entire staff of Reach Out To Haiti
